Graduate and Professional Education Placement for Bachelor's Degree Recipients 2015-16 through 2017-18

The Higher Education Opportunity Act (HEOA) requires institutions to disclose the percentage of recent bachelor's degree recipients who pursued further education at the graduate or professional level. These views are derived from matching the 2015-16 through 2017-18 bachelor's degree graduates with internal data sources and with the use of the National Student Clearinghouse Student Tracker Service (NSCSTS). These graduates were tracked through the spring of 2018 to identify advanced degree placement.

The data below reference the bachelor's degree recipients who enrolled in, or received additional credentials from graduate or professional programs beyond their bachelor's degree. The "Areas of Graduate/Professional Study" depict the broad disciplines of these educational pursuits, but this information is only available for students pursuing graduate study at a campus in the IU system. Disciplines with less than 10 instances and records where a credential or enrollment could not be defined are grouped as 'Unknown.'

Bachelor's Degree Recipients	2,535
in graduate or professional programs	483
percent pursuing further education	19%

Areas of Graduate/Professional Study	Count	Percent of Total
Health Professions and Related Programs	93	19%
Education	92	19%
Business, Management and Marketing	72	15%
Liberal Arts and Sciences	49	10%
Public Administration and Social Service Professions	23	5%
Psychology	20	4%
Biological and Biomedical Sciences	11	2%
Multi/Interdisciplinary Studies	10	2%
Unknown	113	23%
Total	483	100%
